

HAMILTON

Medical Professionals Insurance

Hamilton Select Insurance Inc.'s Medical Professionals Liability division targets hard-to-place and distressed accounts in the excess and surplus (E&S) space.

Accounts falling into the hard-to-place and distressed Medical Professionals space typically include those providers that have had licensing issues, substance abuse issues, adverse loss history, patient boundary/ethics issues, have been non-renewed due to practice/services offered or have had gaps in coverage. Our underwriters provide a solution that can be tailored to meet the needs of the risk.

Territories

We underwrite risks located in the United States.

Claims

Led by a highly skilled and experienced internal team, Hamilton can also call upon an established network of local partners to ensure prompt and effective resources are deployed to any claim.
