

HAMILTON

Products Liability & Contractors Insurance

Hamilton Select Insurance Inc.'s Products Liability & Contractors division targets small to mid-sized hard-to-place and distressed accounts in the excess and surplus (E&S) space.

We will write General Liability or Products Liability on an occurrence and claims-made form for a broad selection of risks.

Accounts falling into the hard-to-place and distressed space typically include accounts with losses, inherently challenging classes, difficult venues or those facing non-renewal. Our underwriters provide a solution that can be tailored to meet the needs of the risk.

Territories

We underwrite risks located in the United States.

Claims

Led by a highly skilled and experienced internal team, Hamilton can also call upon an established network of local partners to ensure prompt and effective resources are deployed to any claim.

Risk appetite
